Programming Languages

- ❖ JavaScript(Node.js,React)
- ❖ Php(Laravel)
- ❖ Python
- ❖ SQL
- ❖ Flutter
- ❖ C,C++
- ❖ Java
- ❖ C#
- ❖ Rust
- ❖ React Native

Languages

- ❖ English | B2-C1
- ❖ German | A2
- ❖ Turkish | Native Speaker

Hobies

- Boxing
- Swimming
- Drawing & Painting
- Carpentery
- Video Games

Summary

I have experience in backend development with PHP, Node.js, MySQL, and Neo4j. I also possess frontend knowledge. Additionally, I am proficient in computer engineering skills such as algorithms and data structures.

Although I have some experience in AR development and image processing, it is not extensive. However, given the time, I can tackle any project.

Skills

- ❖ Web Development
- ❖ Backend Developing
- ❖ Graph and Relational Database
- ❖ Web Design
- ❖ AR Development
- ❖ Image Processing
- ❖ Office Programs
- ❖ Drivers License

Projects

- Biletlik:Ticket Sale Site | React,Node.js, MySQL
- ARZoo:Educational App |Unity,C#
- KouSyllabus:Automatic Timetable site using Welsh-Powell algorithm |React,Node.js, MySQL
- UmuttepeTurizm:Bus Ticket Sale System|Php,MySql,React
- iFridge:İtem list and recipe offerer|Flutter,Firebase

Education
Kocaeli University

- German Preparation Class 2019-2020
- Mechatronics Engineering 2020-2022
  - I learned fundamentals of mechanic,electronic and computer engineering at these years.
  - I also participate in some club activities but not in technical teams mostly support teams.
- Information Systems Engineering 2022-Continues
  - Mostly improved my computer engineering skills.

Certificates

- Algoritma ve Veri Yapıları İleri Seviye
- Ağ Temelleri
